"Love your product, Texas has tough soil and year round gardening. The bandit cuts through tough soil and removes the root. C. Stanley, TX"

"This tool outsells every other tool in the store - by a lot!" Judy P. "Dig This"

Garden Bandit™
12" - solid handle
S.S. "Flo-thru" blade

Designs first proven effective over 120 years ago now improved and made even better with thin **super strong Stainless Steel Blades!**

Revitalize soil & prevent compacting

Reduce water evaporation and chemical use.

Eliminate setback (caused by undercutting with other tools)

Thin blades glide through soil, chasing weeds right out of the ground while leaving the soil in place!

Cultivate hard to reach areas close to plants without damaging foliage or vital root structures.

Light weight
High strength
Ergonomic design

Telesco-Weeder™
35-61" - telescopic handle
S.S. "Flo-thru" blade

Effortless Cultivating
Free of backaches & kneeling stress!
